### FIRST TEAM HEAD COACH

Firstly, I would like to welcome you all back to Stadium MK for this evening's game with Oxford. Last weekend's home game vs Watford was a fantastic occasion.

Our first competitive game in 6 months against a team who were on course to win the league last season. Unfortunately the performance fell below par in the first half and Watford punished us, however there was lots of positives when walking away from the game due to the turnaround in performance second half.

I would also like to thank of the staff & volunteers involved in making the game so safe. I know it was the first time in a stadium since COVID restrictions and everyone was in safe hands, a really proud thing to be a part of.

This is my first programme notes since the lockdown and it's been quite a turnaround. Firstly we've seen some players move on who played a real part in getting us where we are today and I can't thank them enough for the hard work put in during them years. We've also recruited well. As staff worked tirelessly during the lockdown period to keep in touch with the players we identified. From last weekend we saw the quality already Chez, Nicole & Chloe bring to the team. Add into that Libby a very good young keeper, Hannah an experienced full back who played at this level, Millsy who we know enough about from her successful time at the club during the year we won the league & Hannah Barrett who once again returns back to us, and after 3 goals in 90 minutes during pre-season will look to take that form into the league.

We host Oxford tonight who we know a lot about from our games across last season. They done the double over us however in the last game before lockdown the 2-1 loss was an incredibly close competitive contest and we know if we match that performance we can get a positive result here tonight. There has been such an excitement to get competitive football back and I'm glad you are all back to cheer us on.

## Last time out

On Sunday The Dons produced a fantastic performance to beat the early league leaders Crawley Wasp away from home 1-0. A 77th Mollie Coupar goal secured Charlie Bill's team the first three points of the season against one of the early favourites for promotion.

Oxford United Women played Watford Women. An early Molly Peters goal wasn't enough for the O's who fell to a 2-1 defeat.

## Development Team

The Development team started their season last weekend against Cambridge United. The game ended in a 2-2 draw with goals from Nia Daniels and Charlotte Murphy. Within the squad 7 started are graduates of the RTC with another 4 being involved in the match day squad.

This is a great indicator for the progress of players coming through from the RTC and we are really pleased on how these players have progressed and gives the current players within the RTC, Players to look up to when they attend our Womens Fixture.

## Girls Advanced Programme

Our newly named 'Girls Advanced Centre' is now officially up and running at a new site. We are pleased to be using Lord Grey School new 4G Astro Turf until the centre moves across to the Fairfields Sports Hub.

The Girls Advanced centre offers players who currently play for Grassroots teams that want to gain some extra coaching alongside their own training. Age groups vary from under 10s through to under 16s.

All groups will be taking part in the Girls EDP league which sees games against teams such as Northampton Town, Swindon Town, Ipswich Town and Norwich City. It will be good to see the Girls play in games against similar run programmes throughout the year.

## RTC

We are now nearly a month into the season for our Younger age groups and games are coming thick and fast which is great for players to have a structure and routine and the excitement of match day to look forward to. Our 14s 16s programme will hopefully be up and running in October.
