FOOTBALL DEVELOPMENT MANAGER

Hello everyone, it's the day we have all been waiting for, the return to competitive football!

This afternoon we welcome Watford Women and their supporters to Stadium MK for the league opener in the National League Southern Premier Division.

I want to start by thanking everyone who has been involved in the process of getting football back safely for supporters to enjoy. Today is the first game supporters will be allowed to watch live football at Stadium since March. It's the day we have been so excited for, to have fans back in the Stadium is huge.

Your support last year was magnificent with record league attendances for the division recorded. This season we need your support more than ever.

As opening day challenges come, it doesn't get any more difficult than playing Watford Women. Last year they were on course for promotion into the Championship before the season was declared null and void. They remain my firm favourite to get out the league this year and after today we wish them well for the season.

This summer we have worked incredibly hard off the pitch to develop the clubs infrastructure to allow us to grow on and off the pitch. This is the first season where we have been able to identify new players and go after them in what is a very competitive market. We are delighted with the recruitment and look forward to seeing the impact our new players have over the season. We have had a really positive preseason and we hope to kick on this season.

Our next home game is on Wednesday 30th September, 19:45 kick off when we host Oxford United, we hope to see as many of you as possible.

There are still many sponsorship opportunities available within the Women's team, your support plays a huge part in the development of the team.

Last time out

Last time out MK Dons Women beat Billericay Women 3-2. The Dons went 3-0 up with a wonder strike from Albert, a cool slotted finish by Bell and a Header from Coupar. Billericay pulled two back in the second half but the Dons held on for the win

Development Team

This afternoon see's our development start their league campaign in the reserve league. The 'devs' travel to Cambridge United in search of the first three points of the season. Dave Green and Hassan Mir have been added to coaching staff who will work alongside Jon Dewick for the 20/21 season.

RTC

The RTC is up and running after such a long break. Majority of players took part in small group sessions during early part of summer and all players returned back for pre season in early August. This weekend sees our 11s, 12s, & 13s start their league campaign, where as our 14s & 16s play their first pre season friendly. It has great to get players back to playing football and we have been sticking to FA guidelines to make sure it is a safe environment for all involved in the game.

Girls Advanced Programme

Our newly named 'Girls Advanced Centre' also restarted during August which was great to see. Our under 15s took part in a pre season friendly with Moretonville, again a fantastic game and enjoyed by all.

All groups return back to training over the coming weeks and this season all groups will be taking part in the Girls EDP league which sees games against teams such as Northampton Town, Swindon Town, Ipswich Town and Norwich City. It will be good to see the Girls play in games against similar run programmes throughout the year.

Club Visit

We were lucky to be asked to get involved in a Club visit with Olney Town Belles. This saw a couple of our Senior womens players lead a training sessions and take part in some fun football games with the players from Olney Town Belles.
