CHARLIE

BILL.

First of all, I want to start my first programme notes of the season by thanking everyone for their continued support during the past run of games and certainly our home games here at Stadium MK.

The start to the season has certainly provided us with lots of challenges and ones we continue to relish. We knew going into this season it was always going to be a lot tougher and that shows with the current top two teams being the promoted teams from last season. We have had spells in games where we have showed our identity and values on the pitch but it is now about applying that for 90 minutes.

We will shortly be back to a fully fit squad with experienced players coming back into the side and I know this will provide a huge amount of support for the younger players and confidence levels can be impacted when we aren't getting results but I believe in this squad massively and I can see the hard work the staff and players put in on a weekly basis.

We can take lots of positives from our last outing against Ipswich. Playing a side with full time professionals and matching them for large spells is something certainly we can build on. We have a big run of games now up until Christmas. Starting against today's opponents Gillingham. They had an excellent last 6 games and we know we have to be at our very best to get a result today.

I know we will continue to hear the support throughout today's game and hope to reward you.

The Opposition – Gillingham

Last Time Out

With a two week fixture break, MK Dons Women last game was on the 10th October away to league leaders Ipswich Town. After conceding two early goals. The Dons matched and battled away with the home team, only for a last minute counter attacking goal to add a shine to the score line for the Tractor girls, with the game finishing 3-0.

Development Team

Jon Dewick's development team kept up their brilliant start to the season by progressing through the National League Reserve Determining Round. Drawing arguably one of the strongest opponents, the Dons travelled down to play Watford only a few weeks after losing 2-1 to them in the league. With the Dons winning 1-0, the Hornets scored an injury time equaliser to take the game to penalties. It was the Dons who held their nerve winning the shootout 6-5.
