

Write your own MATCH REPORT

Follow these steps and you can be on your way to writing your own MK Dons Match reports. Take some pen and paper to your next game.

Step 1: Choose a game

Firstly choose a game to write your Match report about. This can be a memorable game; one you watch on TV or you can even bring this to your next game and write a report!

Step 2: Starting Line Ups

Who is playing today? Tell the reader the teams including the away team!

Step 3: First Half

What happened in the first half? Include as much detail as possible. Imagine you are writing for a friend who didn't watch the game.

Step 4: Half Time

How would the players and manager feel about the first half?

Step 5: Second Half

What happened in the second half? Did the game change? Was there any substitutions?

Step 6: Full Time Score

Was this a fair result, think about if the better team won

Step 7: Man of the Match

Who was the Man of the Match? What did they do to win it? Think about if they deserved it

Step 8: Quotes

Quotes from a Manager or a Player help to add character to the report. Think about the tone of voice, would they be happy?
