new season new challenge

Marshall

Welcome.

MK Dons Women experienced an incredible journey last season. After many ups and downs, we managed to achieve the goal of retaining our place in tier 3 - FAWNL Southern Premier Division.

Firstly, it was so pleasing to complete a full season. Despite being in charge for four years now, it was only my second full season, due to the Coronavirus pandemic.

We didn't get the start we had hoped for last season, which meant going into Christmas we had a real uphill task to avoid relegation. Despite this, not one member of staff or the players believed we would go down. Those who supported us saw a young, exciting, and energetic team that played with real pride which led to us staying up on the last day of the season.

The hard work has now started for the 2022/23 season. We are glad that we have managed to retain a large portion of the squad and now we can strengthen in certain areas so we can compete higher up the table.

The support from the fans gave us such a big lift throughout the season, but especially during the back end of the season where we managed to win four of our last five home games. We now have the excitement of the Women's Euros where we will be hosting four games at Stadium MK. I know this is going to be a fantastic occasion and we hope that can allow us to connect with more fans of the women's game for the 2022/23 season.

Our season ticket is a superb opportunity to allow fans to see all our games at such a low price. I can speak for all the players and staff when I say how much we appreciate the support. With the new Under 19's College programme and Under 23's Women's Squad, there is lots of excitement around the Club and we hope that you can join us for the 2022/23 season to share this excitement with us.
